

## WORKPLACE SUCCESS PROGRAM

- 15+ years of age
- Must have a disability (can be self-disclosed)
- Program consists of 4 weeks of skills development in small workshops (topics include: stress management, time management, on the job emotional IQ, handling criticism etc). Workshops will be held 3 days per week from 9am-noon. Workshops are not mandatory but are highly recommended.
- Travel can be provided to the workshops if the participants live outside of the area where workshops are offered. Participants will be picked up by taxi and brought to and from the workshop.
- Participants receive up to 12 weeks of PAID work placement. Employers are offered a subsidy of \$10/hr for 30 hrs/week for up to 12 weeks, with the expectation that the job will continue once the subsidy ends
- Participants who are unable to work 30 hours a week can still be eligible for the subsidy as long as the reduced hours are required due to a disability-related reason

- Participants receive support throughout the entire employment process including assistance preparing for, getting and keeping a job. Participants receive job coaching supports as required.
